International Consulting Company

Kyiv, Ukraine Київ, Україна

ICC provides consulting, training and information services plus practical advice for private and non-profit organizations

WHO WE ARE

The International Consulting Company (ICC) is a Ukrainian private firm that has been delivering professional management services in Kyiv since 2001.

We offer a **comprehensive range of marketing research and development services**, including interim management and servicing of corporate marketing and client relationship management systems. All projects are carefully adapted to corporate needs, local market potential and customer requirements. Our service in communication focus on training communication skills and consulting on corporate social responsibility.

ICC carries out for its client organizations **seminars, workshops, management trainings and coaching** of their personnel in Ukraine and abroad. Training sessions are developed according to the certain company's needs and specific requirements.

New trend of our company activities is providing support to companies in business opportunities development in Ukraine. We support foreign companies in their entry and operations establishment in Ukrainian market through delivery of investment management and marketing research & information services, as well as we provide information services to Ukrainian companies in search of foreign partners.

ICC's list of consultants and trainers includes Ukrainian, British, the US and German experts in various expertise areas.
